

POWER SUPPLIES

24VDC CONSTANT VOLTAGE POWER SUPPLIES

PRODUCT SPECIFICATIONS

- Constant voltage power supply
- Efficiency >90%
- Aluminium extrusion
- Fully potted epoxy encapsulation
- Isolated output for additional safety
- Input / Output flying leads
- 50,000 Hour life span

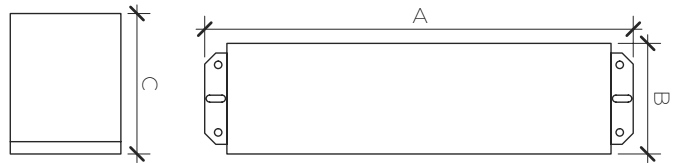

Input Voltage — 220-240VAC 50/60Hz

Output Voltage — Constant 24V DC

Power Factor — >0.9

Operating Temperature — from -20° to 65°C

Protection — Overload and Short circuit

Power (W)	Size (mm) AxBxC	Output Current (A)	IP Rating	Dimmability	Weight (g)
30W	167x30x21	1.25A	67	Non - Dimmable	260
